

# CAPSTONE PRESENTATION EVALUATION

First Name: \_\_\_\_\_ Last Name: \_\_\_\_\_

| Note: Presentations are meant to be 8-10 minutes in length.   | Emerging (1) | Developing (2) | Proficient (3-4) | Extending (3-4) |
|---|--------------|----------------|------------------|-----------------|
| <b>PRESENTATION CONTENT and DELIVERY</b>  |              |                |                  |                 |
| Student was professional: <b>fully prepared (equipment, props and notes), rehearsed and professionally attired.</b>   |              |                |                  |                 |
| Student presented information, findings and supporting evidence in an <b>organized fashion</b> so listeners could follow line of reasoning and connections.           |              |                |                  |                 |
| Student demonstrated <b>information and knowledge</b> in a thorough and thoughtful way. Research, resources and actions prove personal, academic and/or future goals. |              |                |                  |                 |
| <b>Digital media and/or visual displays</b> were of sound quality and are creative and used to express information, enhance understanding and add interest.           |              |                |                  |                 |
| Student discussed the <b>challenges</b> encountered and the way <b>problems</b> were solved.  |              |                |                  |                 |
| <b>Body language, eye contact, volume, pacing and tone</b> demonstrated and confidence.   |              |                |                  |                 |
| Presentation kept to appropriate presentation <b>timeline. (8-10 minutes)</b>   |              |                |                  |                 |
| Student <b>effectively responded</b> to evaluator's questions and feedback?   |              |                |                  |                 |

TOTAL: \_\_\_\_\_
